

Stage 2 of the Drought Contingency Plan Implemented

G&W Water Supply Corporation is implementing Stage 2 of our Drought Contingency Plan due to zero rainfall, excessive heat, and high-water use. Irrigation must be further reduced and spread to off-peak hours. **Stage 2 limits irrigation to 1 day per week.** G&W Water Supply Corporation requests that all customers practice water conservation and minimize or discontinue water use for non-essential purposes.

Stage 2 Restrictions are Mandatory.

Outdoor irrigation is restricted to **1 day per week.**

Watering Day	Address Ends In	Morning Hours (AM)	Evening Hours (PM)
Sunday	1, 3	12:00 – 5:00	9:00 – 11:59
Wednesday	6, 8		
Thursday	5, 7, 9		
Saturday	0, 2, 4		
Monday	No Irrigation Permitted		
Tuesday			
Friday			

Prohibited

- Irrigation on days that are not designated for address.
- Irrigation between the hours of 5 AM – 9 PM.

Allowed

- Lawn irrigation is limited to 1 day per week based on the designated day and timeframes.
- Use of automated irrigation systems or handheld irrigation.
- Watering and caring for livestock, trees, and shrubs.
- ***Soaking** of the house foundation during the designated day and timeframe.
- Implement water conservation practices in landscape irrigation, exterior cleaning, personal hygiene, and cooking around the home or business.

Objective

Achieve a 30% reduction in water demand. This is achieved through load-leveling water usage across multiple days, which allows the system more time to replenish water reserves.
